

STEAM+	Activity	Extras (Optional)
<p>Science</p>	<p>Weather People who study the weather and make announcements and predictions are called meteorologists. They measure -Temperature - using a thermometer Kindergarteners have been using a thermometer to see how temperature changes when it is placed inside the lab and outside in the sun. Students can build a pinwheel to see if it is a windy day outside. Click on the link below https://tinyurl.com/z5zfdhp Add this information to their weather chart from last week.</p>	<p>If you were not able to get the chart, you can make your own journal. Just write the date and draw the picture that matches the day outside</p> 
<p>Tech</p>	<p>SPRING WEATHER Brain Pop Jr.: Username: Torreyhills Passcode: BPOP https://jr.brainpop.com/science/weather/spring/ After watching the video on Spring you can draw about it. Ask if you can print it out and hang it up for everyone to enjoy. You can choose another activity <u>and</u> /or watch another video about weather. https://jr.brainpop.com/science/weather/</p>	<p>Please enjoy with your student these self instructed links: Typing Club: https://www.typingclub.com/kids-typing Another fun website for Primary grades is Typetastic. Enter Code: red panda https://typetastic.com/learn.html Kodables https://www.thhawks.com/kinder Kodables: Select the corresponding character (Panda/Racoon/Rabbit) next to the teachers image. This is a free version of Kodables with some activities.</p>
<p>Art</p>	<p>STEAM+ Art with Mrs. Wyman This week, student artists will be making a picture of a house, using collage with geometric shapes! For this project, students may use colored paper, scissors, glue stick, and crayons for added detail. Begin by cutting geometric shapes as shown in the video below. Next, arrange your shapes to make the scene of a house, with windows, doors, chimney, etc.</p>	<p>Once your composition is just right, glue each shape to the background. For the last step, add details to your scene with crayons or markers. Have fun, and share your art with me if you'd like. I would love to see your creativity in action! Mrs. Wyman :) Please view the video below for inspiration: https://www.youtube.com/watch?v=IUsbK04TdgQ</p>
<p>Music</p>	<p>Hi Kindergarten families! For music the week of 3/30, please continue to practice your Three Piggy Opera songs so we are ready for our performance in May. Also, continue to enjoy exploring music on the San Francisco Symphony website. Miss you and see you soon. Love, Ms. Neilson K Three Piggy Opera Songs</p>	<p>San Francisco Symphony - Kids Fun & Games Play Star Catcher Directions to get started: 1. Search for sfskids.org 2. <p>PE</p>	<p>It is so nice to see so many of you out walking with your family and remembering to keep social distance while enjoying exercise together. During a normal school day students would be taking between 7000 and 9000 steps. In order to reach that number of steps it will take about 60 minutes of brisk walking. Breaking your walks up into 2 or 3 outings is very helpful in two ways. It allows you to take a break from computer screens and other class work, and it gives your body much needed physical exercise during the day.</p>	<p>These are suggested activities that you may find enjoyable to do. Please always remember to maintain SOCIAL DISTANCE during this period. Monthly PE at Home Calendar https://drive.google.com/file/d/10TyXgII_sP02gmBZKdLQ9y8kXnQ8fsJF/view Brain and Body Challenges https://drive.google.com/file/d/1e_wiOgOgfkIxpVLo-ST0hi2J-L2mf3BN/view https://www.youtube.com/user/CosmicKidsYoga Cosmic Kids Yoga if raining` Several Yoga videos are available on this site and your child has already had experience with this form of exercise.</p>
