Art	<p>STEAM+ Art with Mrs. Wyman (2,3)</p> <p>This week, student artists will be making a colorful collage inspired by the artist, Henri Matisse! For this project, students may use colored or painted paper, scissors and a glue stick.</p> <p>Begin by cutting geometric shapes as shown in the video below. Next, arrange your shapes until your composition is just right. Last, glue each shape to the background to create your own unique Matisse inspired work of art!</p>	<p>Have fun, and share your art with me if you'd like. I would love to see your creativity in action!</p> <p>Mrs. Wyman :)</p> <p>Please view the video below for inspiration: <a href="https://www.youtube.com/watch?v=hy4DUpsC22c">https://www.youtube.com/watch?v=hy4DUpsC22c</a></p>

PE	<p><b>Keeping it Simple!</b> It is so nice to see so many of you out walking with your family and remembering to keep <b>social distance</b> while enjoying exercise together. During a normal school day students would be taking between 7000 and 9000 steps. In order to reach that number of steps it will take about 60 minutes of brisk walking. Breaking your walks up into 2 or 3 outings is very helpful in two ways. It allows you to take a break from computer screens and other class work, and it gives your body much needed physical exercise during the day.</p>	<p>These are suggested activities that you may find enjoyable to do. Please always remember to maintain <b>SOCIAL DISTANCE</b> during this period.</p> <p><b>Monthly PE at Home Calendar</b> <a href="https://drive.google.com/file/d/10TyXgll_sP02gmBZKdLQ9y8kXnQ8fsJF/view">https://drive.google.com/file/d/10TyXgll_sP02gmBZKdLQ9y8kXnQ8fsJF/view</a></p> <p><b>Brain and Body Challenges</b> <a href="https://drive.google.com/file/d/1e_wiOgOgfkIXpVLo-ST0hi2J-L2mf3BN/view">https://drive.google.com/file/d/1e_wiOgOgfkIXpVLo-ST0hi2J-L2mf3BN/view</a></p>
